
Communications in the Field

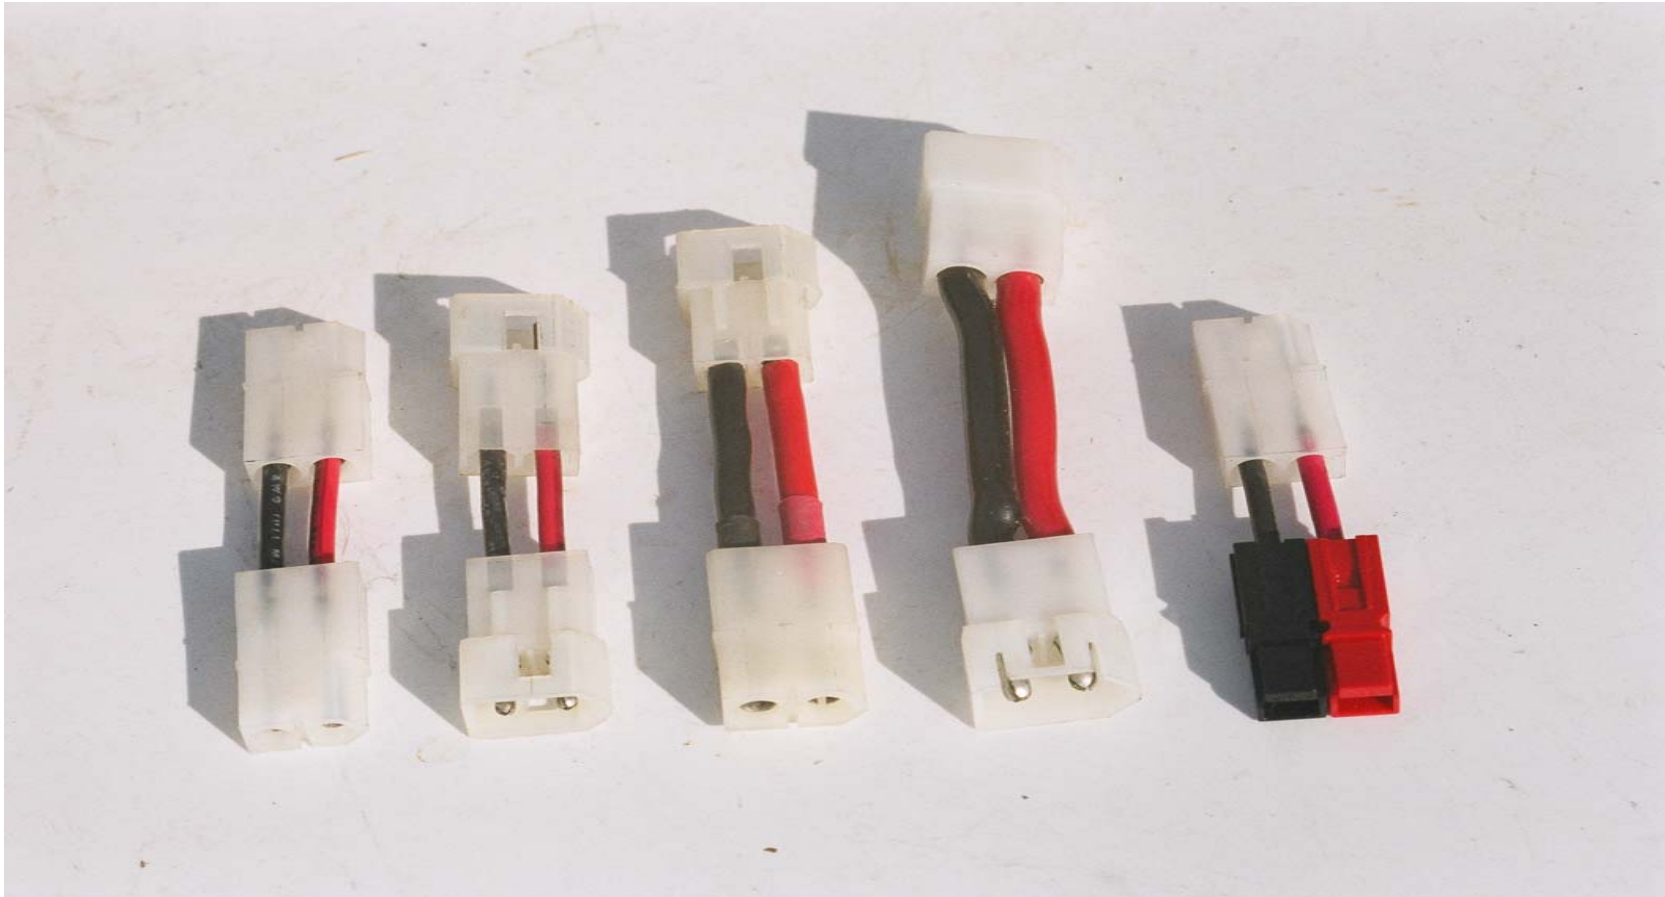

Ralph Javins, N7KGA

Standard DC Power Connector

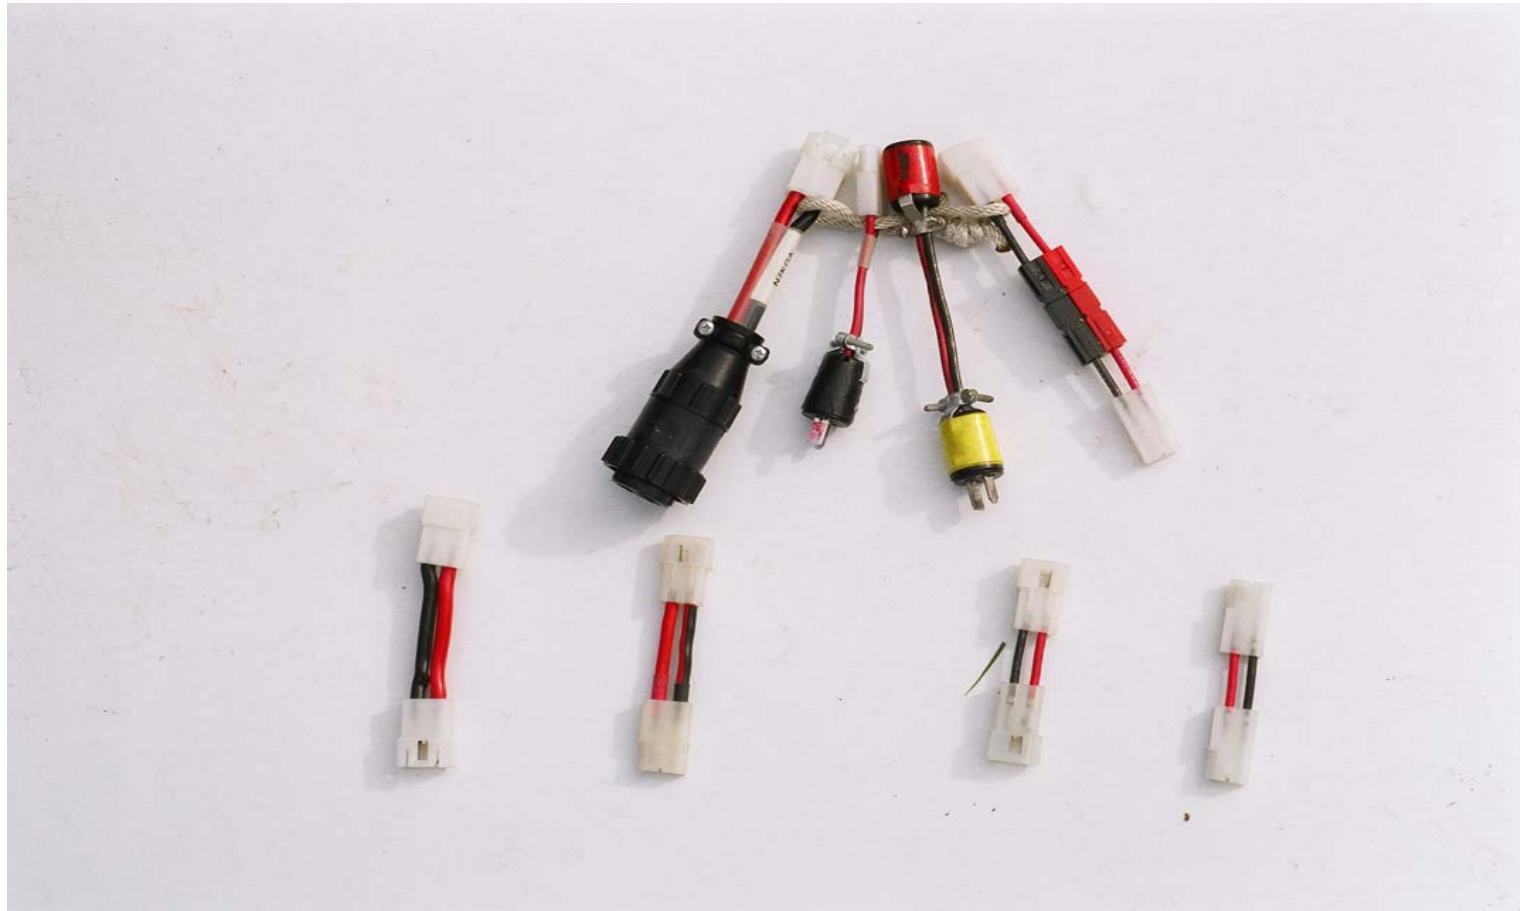

Molex and Anderson PowerPole connectors

DC Power Adapters

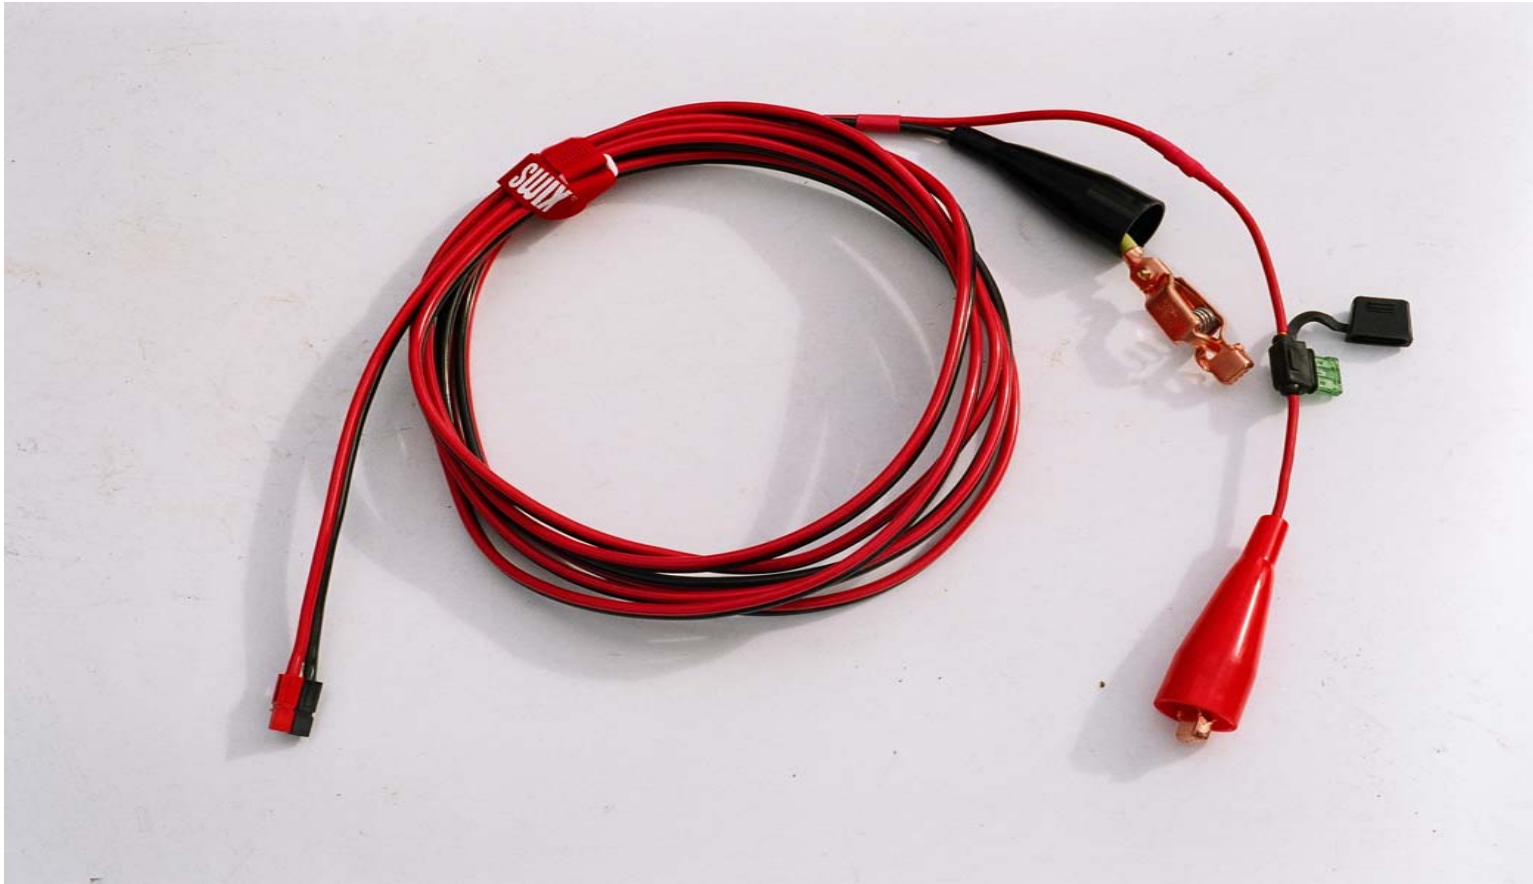

Multiple combinations of male and female connectors.

More DC Power Adapters

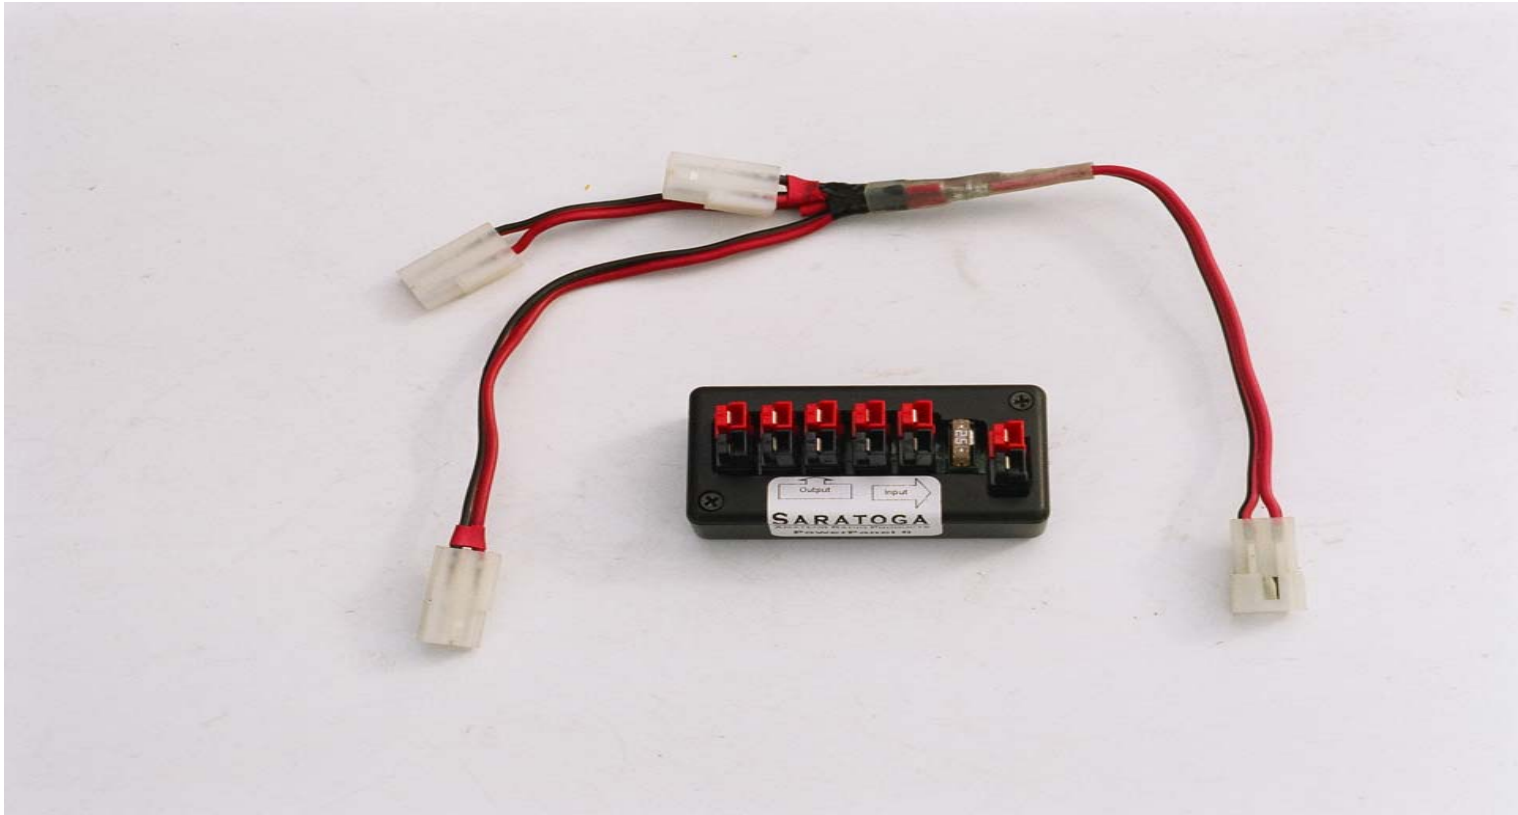

Make adapters for other DC power connectors.

Battery Cable

Cable for use with car battery; 10 AWG or bigger, Mueller 25C clip, insulators, and fuse-holder

Multiple DC Power Outlets

**When you need to run more than just one thing,
such as an LED light**

Coax Connector Adapters

- **Benton Co. ARES Emergency Communicators Adapter Kit**
 - www.bcares.org
 - **A really good starter kit.**
 - **Note reference to the optional SMA adapter . . .**
-

SMA Adapter

. . . with coax cable for reduced stress on your radio.

UHF to BNC Adapters

The most common ones you will need.

“Barrel” Adapters

Attach one to every one of your coaxial cables.

Coaxial Inter-series Adapters

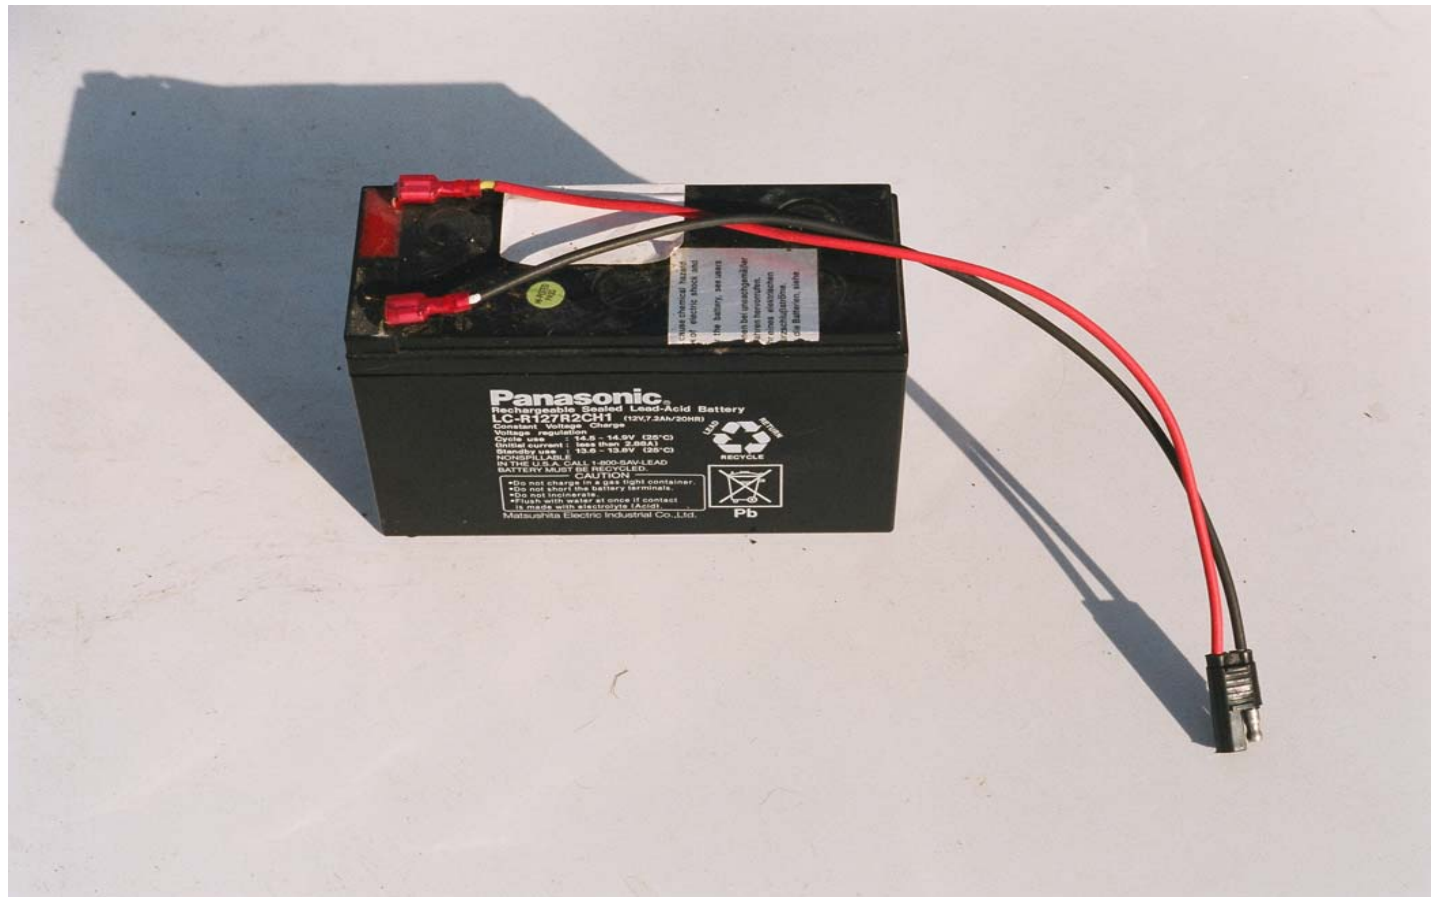

If you want to, you can really get carried away with inter-series adapters.

Carrying Cases

- **Suitcases**
 - **Airline carry-on bags**
 - **Pelican cases**
 - **Zero-Halliburton cases**
 - **Rock-musician keyboard cases**
 - **Ski bags**
 - **Golf bags/cases**
 - **Use your imagination**
